SUMMARY

Computer Science graduate with hands-on software development skills and over a year of applied experience in project management, HR operations, and executive support at a fast-growing startup. Combines technical fluency in web development with proven ability to manage payroll, hiring, onboarding, invoicing, and cross-functional coordination. Adaptable, detail-oriented, and comfortable operating across both technical and operational functions in a remote-first environment.

SKILLS

- **Technical:** HTML5, CSS3, Tailwind CSS, DaisyUI, JavaScript, Next.js, Python, Java
- **Tools & Platforms:** ClickUp, Google Workspace, Discord, Shopify (project-based), Fiverr
- **Operations & HR:** Payroll & Salary Processing, Recruitment & Onboarding, Offboarding & Access Management, Invoicing & Contract Drafting, Performance Tracking, Team Coordination
- **Professional:** Professional English Communication, Team Collaboration, Growth Mindset, Remote Work Adaptability

EXPERIENCE

Project Manager, HR Executive - AutoBizz

March 2026 – Present

- Lead quarterly performance tracking and monthly schedule change management across the team.
- Own end-to-end offboarding: verify completion of offboarding checklists, revoke credentials, and remove access from ClickUp, Discord, and client-facing systems.
- Organize and run company town halls, including interactive activities (Kahoot, debate topics) and attendance tracking.
- Support founders with daily meeting preparation, dashboard organization, and identification of actionable next steps.
- Monitor and manage client-facing Fiverr and social media messages, flagging urgent proposals and overdue project items in weekly status updates.
- Set up and customize Shopify store themes on a per-project basis, including product QA such as variant setup and HS code verification.

Project Manager & HR Intern - AutoBizz

September 2025 – March 2026

- Managed daily attendance monitoring and weekly work-hour reporting for the team, submitting summaries to leadership before each work week.
- Processed monthly payroll, including salary sheet preparation, disbursement, and bi-yearly festival bonus calculations.
- Drafted employment documentation, including offer letters, employee contracts, NDAs, experience certificates, and recommendation letters.
- Led hiring cycles end-to-end: researched job descriptions, managed circulation, coordinated candidate assessments, and issued offer and rejection letters.
- Onboarded new hires by building task checklists, drafting contracts in consultation with the founder, and monitoring early performance.
- Continued invoicing and support-project responsibilities from the prior role while expanding into full HR operations.

Project Management Intern - AutoBizz

March 2025 – September 2025

- Created and maintained client invoicing workflows, including invoice generation, follow-up, and payment status tracking.
- Set up and monitored recurring support and maintenance project tasks.
- Drafted business proposals and contracts to support client engagements.
- Imported new client projects into ClickUp, structuring task lists with team assignments and time estimates based on sales handoffs.

PERSONAL PROJECTS

Paint Dashboard

- Single-page responsive website built with HTML5 and Tailwind CSS.

Grow

- Dashboard and login web app with diary, to-do list, and health survey tools, built with HTML and CSS.

Alexa Simulation

- Python project simulating a home virtual assistant using Python libraries.

ATM Simulator

- Java-based ATM system with login, dashboard, and transaction pages.

GenZ Fashion Demo Webpage

- Single webpage built with HTML5 and Tailwind CSS, later rebuilt using DaisyUI.

BD Architects

- Website built with HTML and CSS to showcase foundational front-end skills.

Mentor Booking

- Next.js demo application styled with Tailwind CSS for booking mentor sessions.

EDUCATION

BSc in Computer Science & Engineering - International Islamic University Chittagong	2024
HSC in Nasirabad Women College, Chittagong	2018
SSC in Silver Bells Kindergarten & Girls' High School	2016

CERTIFICATES

- IT for Business Success
- JavaScript (Basic)
- CSS (Basic)
- ClickUp Basic
